

## Riding Mountain Transit

### Finding your bus stop and bus

Mountain Transit buses pickup and drop off passengers only at designated bus stops.

Arrive at your stop 5 minutes before the scheduled departure time.

Route numbers are displayed on the top-front, and passenger-side window of the bus. If in doubt, just ask the driver.

### Realtime Arrival Info

Download the Doublemap app to see exactly where your bus is and when it will arrive. Select "Mountain Transit" as your system to see nearby route options and departures.

### Getting on and off the bus

Have your fare or pass ready before boarding. If paying with cash, make sure to have the exact amount, as bus drivers do not make change.

When you are ready to get off the bus, pull the bell cord or tell the driver in advance of your stop.

### Bikes on buses

All Mountain Transit buses are equipped with bike racks which hold two bicycles. They are available on a first come-first served basis.

### Accessibility

All Mountain Transit vehicles are wheelchair accessible.

For persons unable to use the fixed route bus service, Mountain Transit also offers Dial-a-Ride service. Call or visit [mountaintransit.org](http://mountaintransit.org) for details.
